Holiday Giving Drive

The Gift of Not Giving a *Thing*

As plastic washes ashore and landfills overflow, the Earth is screaming that we have too many things. More and more people are starting to use the giving season to make donations to nonprofit organizations. This can allow the recipient to feel like an agent of change. In the case of the CEF, the recipient can feel hopeful for a future of educated youth! We encourage you to join this new trend.

The Cambodia Education Fund will be holding a Holiday Giving Drive from November 28th- January 1st. When you make a donation you can now do it in someone's name. That person will receive a digital card via email with photo and a description about what the money will specifically support.

Just follow these two quick steps

1. Make a donation on our [PayPal Giving Fund Page](#) or [Donation Page](#) (you don't need PayPal to donate!)
2. Complete this short [Giving Form](#)

Contact us at cambodiaeducationfund@gmail.com if you have any questions regarding this fundraiser.

SUCCESSFUL SCHOLARS
STUDENT SPOTLIGHTS

A Message from Veasna Meas

(2015-2016 recipient)

"I do not know how to describe how I feel about the CEF! I was so excited to have CEF as my supporter through this school year because I know that not many students have this valuable opportunity like me. CEF have completed my first step of my dream because I have shown those men who usually look down at me that I am in university to accomplish my dreams and help my community and my country. More importantly, I empower other girls in my village that

girls are capable of do anything to follow their dreams. Therefore, CEF not only fund me through my education but guide me to the right direction. Therefore, CEF is the bridge for me to reach my big dreams, and break this chain of poverty for my family and my country after I graduate from university. I thank CEF so much for bringing this great gift to help students in need!"

A Letter from Srey Oun →

(2016-2017 - New Scholarship Recipient!)

My name is Sreyoun. I want to say thank you for your kind supporting me by the scholarship for secondary school. I am now in grade 8 of secondary school. I also study a English in Level III in SOED NGO School. I am very happy to hear that, you are donating me for each month and I promise, I will study hard in the secondary school and I believe in my self, I can move to study in high school. If you still help me I want to study the subject that I love because in the future I want to be a nurse. If I can, I will help my family and people around me, too.

Finally I want to say thanks to all of you and I raise my hands and I wish you good luck and a good health, thank you.
Sreyoun
